Tuesday's Election.

As an expression of the will of the majority voters Tuesday's election fell somewhat short only about 35 per cent of the total voting strength of Precinct 1 and 16, the two polling places in the town, being cast. As the returns are slow coming in from the country precincts it is impossible to give the full returns.

Following is the complete returns from Precincts 1 and 16, combined:

State Road Bonds:
For 31
Against 72
Confederate Pensions:
For 49
Against 59
Prison Profits:
For 46
Against 55
Galveston Bonds:
For 48
Against 47
Local Tax Limits:
For 17
Against 85
University:
For 41
Against 59
Convention:
For 30
Against 47
Representative 116th District:
Morris 60
Naegelin 48

All the amendments, with the possible exception of the Galveston bond amendment and the Confederate pension amendment, seem to have been overwhelming defeated throughout the state.

DRIVE OPENING MARKED BY "RED CROSS SUNDAY"

FIRST REPORTS TO EACH STATE
HEADQUARTERS INDICATE
SUCCESS OF CAMPAIGN.

WAR-TIME ENTHUSIASM OF LAST YEAR REVIVED

General Pershing Is Among Prominent
Speakers Who Are Devoting
Energies to Red Cross in
Roll Call Behalf.

With the inception of the Third Red Cross Roll Call, Sunday, November 2, the opening day was observed as "Red Cross Sunday" in thousands of churches throughout Missouri, Kansas, Texas, Arkansas and Oklahoma, and a vast force of men and women workers began the task of garnering Red Cross memberships for the coming year.

Clergymen, in pulpits of all denominations, referred to the humanitarian attributes of the Red Cross in sermons prepared especially for the occasion and Red Cross tributes, in some instances, augmented the usual morning and evening devotional services.

Preliminary reports reaching campaign managers in each state indicate an increasing volume of interest in the drive that augurs well for its successful conclusion. The quota for the Southwestern Division is set at 2,000,000 members, while the nation-wide campaign has for its objective the attainment of 20,000,000 members. Officials in charge of the drive expect the Southwestern Division to exceed its quota by 500,000, and state quotas have been assigned on this basis. The quotas follow: Missouri, 700,000; Kansas, 400,000; Texas, 800,000; Arkansas, 200,000; Oklahoma, 400,000.

The opening of the drive found the Red Cross organization, which slowly has been mobilizing for months, ready for the job in hand. In a manner that recalls vividly the war-time enthusiasm of a year ago uniformed women workers magically have appeared in each city, town and country, to solicit memberships. A house-to-house canvass is being carried on.

Women Workers Re-enlisting.

Groups of women whose services were rendered so generously during the war have re-enlisted. Canteen workers, nurses and nurses' aids, motor transport corps workers, surgical dressing workers, knitters and garment workers, all are asked to extend their efforts again to the utmost to help establish the Red Cross firmly upon a peace basis.

Thousands of clubs and fraternal organizations will observe a "Red Cross" day during Roll Call week by special luncheons, dinners and meetings, at which speakers will tell the story of the Red Cross and its future. In many cases motion pictures illustrative of its work will be shown.

Former Fighters Help.

Returned soldiers, sailors and marines have enlisted in large numbers to assist in the campaign, grateful for the manifold comforts and services provided for them by the Red Cross. As members of the American Legion and as individuals, thousands of returned "Yanks" and "gobs" will become volunteer canvassers for Red Cross memberships during Roll Call, up to its close, on Armistice Day, November 11. In some places veterans of the world war are directing the campaign. All such workers will be in uniform.

Permission has been granted to all present and former Red Cross workers to wear their regulation Red Cross uniforms while engaged in campaign work. This permission applies to all nurses, foreign service workers, field service directors, canteen, motor corps and chapter workers.

One of the most remarkable mobilizations of speaking talent that has ever volunteered for an effort of this kind will go into action for the duration of the drive. Former American ambassadors, high Army officers, Cabinet officials, a flying squadron of Red Cross overseas nurses and other workers, State Governors, members of Congress, clergymen, editors, business men, returned fighters and even laborers, will speak in behalf of the Red Cross during Roll Call week.

General Pershing to Speak

Foremost among those who have volunteered is General Pershing. Others are former Ambassador to Germany, James W. Gerard, and former Ambassador to Turkey, Abram L. Elkins. Attorney General A. Mitchell Palmer has consented to give whatever spare moments he has to making Red Cross appeals, and other members of the Cabinet are being called upon.

Women of national prominence are out on speaking tours for the Roll Call, notably Miss Mabel T. Boardman, of the Central Committee of the American Red Cross, Mrs. Larr Anderson, of Boston, and Dr. Esther C. Lovejoy, of Portland, Oregon. Red Cross nurses, many of them decorated for bravery overseas, are speaking in the interests of the peace-time health program of the Red Cross.

HIGHEST QUALITY AWARDS

Fireproofing Concrete Columns.

We have been wont to look upon concrete as capable of resisting a great deal of heat, and it may seem strange to think of coating it with a fireproof material. However, there are conditions under which this is necessary. The bureau of standards has been investigating the condition of concrete which has passed through conflagrations, and has found that if the concrete is made with gravel, particularly siliceous gravel, there is a tendency for the stones to burst in extreme heat, which disintegrates the concrete. Accordingly it is recommended that gravel be avoided wherever possible, but if impossible the gravel concrete may be protected from extreme heat by coating it with an inch of cement held in place by a wire mesh. Plasters may also be used in which asbestos is the principal constituent.—Scientific American.

CHRISTMAS SEALS GIRL

BEVERLY HAYES

Beverly Hayes says: "Buy Red Cross Christmas Seals. They protect little children from the ravages of tuberculosis. They build a barrier of health about the workers of the nation. They protect homes—your home. They spell hope, assurance and physical and economic rehabilitation more than one million people in the United States who have tuberculosis. If you purchase enough Red Cross Christmas Seals, the dread of this disease will be materially reduced."

"Last year 150,000 people fell victims of the disease. Twelve thousand of these were little children. Think of it! This death toll is needless, we all do our part in the sale this year, next year's death rate will be smaller. It will be reduced year by year until eventually tuberculosis has passed into the oblivion which has already engulfed smallpox, leprosy, typhoid fever."

WHEN SAINTS ENTERED UTAH

July 24 Has Been Known as "Pioneer Day" Since the Founding of Salt Lake City.

Brigham Young, leading a company of Mormons numbering 147, of whom all, excepting two women and the same number of children, were men, entered Great Salt Lake valley and founded Utah, at Salt Lake City, July 24, 1847. On the previous day the founder, reclining in Apostle Woodruff's carriage, sick with mountain fever, caught the first glimpse of the valley from the summit of the mountain.

"Enough," he said, "this is the right place; drive on."

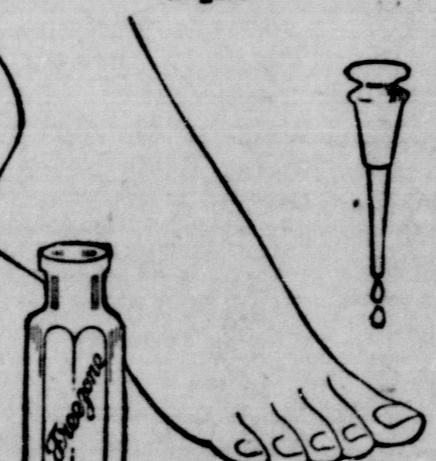

Since this entry into the promised land the day has been called Pioneer day. Under the control and guidance of Brigham Young the work was begun that converted a wilderness, where it was predicted that not an ear of corn could grow, into one of the most fruitful garden places of the world. About three years after this the territory of Utah was organized, with Young as governor. Some feeling of ill-will grew up between the non-Mormon members of the government and the Mormons. Outside of Utah, opposition to Mormonism was greatly increased by Young's publication in 1852 of Smith's "revelation" on the eternity of the marriage covenant, including plurality of wives.

According to official estimates there are about 400,000 Latter Day Saints, mostly in Utah.

Water and the Human Body.
The specific gravity of water and the human body is virtually the same. A body in the water is supported by equal pressure at all points. It is more likely to be at ease than under other circumstances. It is, therefore, more likely that it may move without pain. So cripples are often given their exercise in the water.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

FROM THE PREHISTORIC AGE

Carl Hagenbeck's Statuary of Monsters of the Past Is One of the Sights of Hamburg.

Undoubtedly the oddest collection of statuary in the world is that of life-sized cement images of the dinosaurs, which Carl Hagenbeck, the famous collector of wild animals, who supplies most of the zoos and circuses in the world, has made upon his estate at Hamburg.

As you probably know, the dinosaurs are a strange race of animals who inhabited the earth millions of years ago, before man and the other mammals appeared. Some of them were much larger than elephants. Some were harmless, grazing creatures, but others were terribly carnivorous.

The appearance of the dinosaurs is known from fossil remains which have been found, and Mr. Hagenbeck has had accurate likenesses made and placed in lifelike postures in a park about the edges of a little lake. If a man who knew nothing about it were to come suddenly upon this place on a moonlight night, he would probably know just how some people who do not live in dry countries occasionally feel.

Pink elephants and purple kangaroos would be nothing to the image of diplodocus, the largest creature that ever walked the earth. Mr. Hagenbeck's cement likeness of this animal is 60 feet long, and is seen quietly grazing in a little glade. Nearby a triceratops, with three horns on its head and weighing a couple of tons, is just emerging from the water, while a tyrannosaurus—a carnivorous brute bigger than a buffalo—is represented in the act of devouring its prey. There are 30 of the monsters and more are to be made.

YANKS WOULD NOT BE DENIED

Boys Made Good Against Heavy Odds in the Largest Battle in American History.

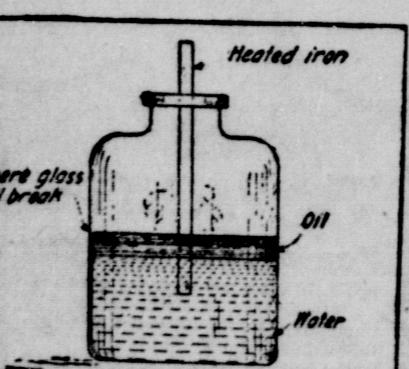

The Argonne-Meuse battle fought by our First army was the largest battle in American history, says Arthur W. Page in World's Work. General Pershing's forces engaged were about ten times as large as those of General Lee at Gettysburg. It was a vital element in the conquest of the German forces and our main contribution to the war's decision. The first great battle of the new British armies—the Somme—occurred 23 months after Great Britain entered the war. Our army went into its first great struggle 18 months after our declaration. Half of the troops and divisional staffs were green, and our corps and army staffs had had but the very scanty battle experience acquired in the Marne-Vesle campaign under the French and our own operations at St. Mihiel. The place to be attacked was extremely difficult, and Gen. von der Marwitz and his troops were seasoned and formidable opponents. Under the circumstances it was just as reasonable to look for a terrible catastrophe such as befell the British at Gallipoli, the French in the Champagne in 1917, or the Germans in the Champagne in July, 1918, as to look for a decisive victory—perhaps more so.

The state of our army would naturally have suggested spending five or six months more in preparation for such a task. The state of the war incontrollably demanded that we tackle the problem immediately in whatever shape we were to handle it.

TO MAKE JAR FROM BOTTLE

Writer in Electrical Experimenter Tells of Simple Method, by the Use of Liquids.

A novel and simple method of cutting a glass bottle so as to make a jar of it is sent to the Electrical Experimenter by Gerral Ehinger. Mark the line at which you want to cut. Pour water in up to within an inch of

the line. Then slowly pour linseed oil in up to the level of the proposed cut. Then a red-hot iron plunged vertically into the oil will cause the glass to crack at the level of the liquid and leave an open top jar.

Cause of Beri-Beri.

The explanation of beri-beri as due to absence of a specific food material, or vitamin, has been shown by Dr. F. M. R. Walshe to be insufficient. Fowls deprived of the vitamin failed to develop the disease, and the experiments made indicate that besides absence of the vitamin the use of certain foods is necessary to supply the direct cause of the disease. Much evidence suggests that the carbohydrates supply this direct cause. In the absence of the specific vitamin preserving health these seem to generate toxic products, and through these products they give rise to a kind of intoxication.

HADN'T SEEN WELL DAY IN SIX YEARS.

Mrs. Nichols Says She Will Never Get Through Giving Thanks For Tanlac.

"Positively, I hadn't seen a well day in six years till I began taking Tanlac," said Mrs. J. H. Nichols, whose address is Box 35, Barker, Tex.

"Six years ago," she continued, "I lost my appetite and had to force down every mouthful I ate. Hardly anything agreed with me and I suffered terribly from indigestion. My nerves were in a wretched state and my back and limbs pained me so I could hardly sleep. I had awful headaches and would get so dizzy as to almost fall. I was so weak and run down that I could hardly drag myself around the house, my housework just tired me to death and I lived in constant dread of a breakdown.

"As nothing else seemed to do me any good I decided to try Tanlac, and I shall never get through being thankful for what it did for me. Since taking Tanlac my improvement has been wonderful, my indigestion is all gone and I have gained several pounds in weight. My nerves are in better shape and my sleep is refreshing. I have gotten over those dragging pains and have more life and energy than I have had in a long time.

All druggists sell Tanlac.

Great American Tragedienne.

One of the greatest tragediennes of the last century, Charlotte Saunders Cushman, died in Boston nearly half a century ago, leaving behind her one of the most inspiring and splendid memories in all the history of the stage. Miss Cushman was born in Boston July 23, 1816. Her early ambition was musical, and she was just at the beginning of a successful operatic career when her voice failed. Her loss to music was a gain to the drama. She first appeared as Lady Macbeth in New Orleans, and soon gained rank in England and America as the foremost actress of the English-speaking world. Forty-five years ago the great actress began her farewell tour of America, and on a day in May, 1875, an audience that filled the Globe theater in Boston saw Charlotte Cushman's last appearance on the stage. She died in less than a year afterward.

Palmerston.

In the first place, it was always asserted, with emphasis and even with acrimony, that he (Palmerston) was not a whig. Gladstone, who did not much like whiggery, though he often used whigs, laid it down that "to be a whig a man must be a born whig," and I believe that the doctrine is absolutely sound. But Palmerston was born and bred a tory, and from 1807 to 1830 held office in tory administrations. The remaining 33 years of his life he spent, for the most part, in whig administrations, but a whig he was not. The one thing in the world which he loved supremely was power, and, as long as this was secured, he did not trouble himself much about the political complexion of his associates.—G. W. E. Russell.

Only A Cold.

Are you ill? often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold.

Constipation.

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

Griffin—Wernette Wedding.

On Wednesday evening, Oct. 29, 1919, at 9:00 p.m. Mr. Albert Griffin and Miss Virgie T. Wernette were quietly married at the home of Mr. Billy Dubose of Devine.

After the ceremony they repaired to the home of the groom's parents.

The bride is the second oldest daughter of Mr. Joe L. Wernette of Biry, while the groom is the oldest son of Mr. and Mrs. J. S. Griffin of Devine. He served several months with the American Expeditionary Forces in France, a member of the 360th Infantry of the 90th Division.

Both the groom and bride are well known in this community and count their friends by the score.

After a few days stay with Mr. and Mrs. J. S. Griffin, they will leave for Ranger, Tex., where the groom is engaged in business.

What Would You Do?

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar.

J. N. Garner and son, Tully, arrived from Washington last week. Tully has taken a position in the Abstract office, and will remain in Uvalde. —Uvalde Leader News.

The price of pork is much cheaper than it was a year ago, but some hogs don't seem to know it.

Sick Headaches.

This distressing disease results from a disordered condition of the stomach and can be relieved by taking Chamberlain's Tablets.

If our oil company would give us our share of the derrick we might keep the home fires burning through the fuel famine.

This Means You.

When you get up with a bad taste in your mouth, dull tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion.

BETTER PROVISION PROMISED PASTORS

BAPTIST 75 MILLION CAMPAIGN WILL RAISE BIG SUM FOR RETIRED MINISTERS.

CARE FOR THE WIDOWS, TOO

Total of \$5,000,000 Included On Program For This Purpose—Insurance Feature Also Included.

REV. J. M. RUSSELL
Typical Retired Minister.

While the salaries paid the ministers of Baptist, as well as other churches in the South, have been far too small in the past to enable them to lay aside a competency for old age, a long step in remedying this situation is promised in the Baptist 75 Million Campaign, which proposes to raise \$2,500,000 for the relief of aged ministers during the next five years, and then bring this sum up to \$5,000,000 during the two years immediately following the campaign.

Looking to the adequate care of hundreds of aged Baptist ministers and ministers' widows in the ranks of the Southern Baptist Convention who are now in need of financial assistance, this body, at a recent session, authorized the creation of the Relief and Annuity Board of Dallas, Texas, with Dr. William Lunsford as corresponding secretary.

Heretofore the average annual salary of Baptist ministers in the South has been less than \$500, meaning that a large number of preachers received considerably less than that sum, making it necessary that they engage in other occupations during the week in order to support themselves and their families, and rendering it practically impossible for them to lay aside any money as a support for their old age.

The establishment of the Relief and Annuity Board and the decision to raise \$5,000,000 during the next seven years for the relief of the aged ministers already in need of assistance and the more adequate care of the men who hereafter give their lives to the Christian ministry without an opportunity to save up a competency to tide them through sickness or care for them in their declining days, has met with a cordial reception at the hands of Southern Baptists, and it is believed the provision of better treatment for the ministers in their retirement will not only tend to cause young men to look with greater favor upon the ministry as a life work, but will bring the members of local congregations generally to see the need of paying pastors more adequate salaries before these pastors become old and helpless.

By the addition of an annuity feature it is possible for retired ministers to receive an annuity of \$500 after they have reached the age of 68, and provided they have been in the ministry for thirty years. If they have served less than 30 years the annuity is reduced by a certain proportion. To participate in this annuity a minister must make monthly, quarterly or annual payments sufficient to bring in an income of \$100 per year when invested, on the principle of regular life insurance, while this is supplemented by \$400 provided by the denomination. A minister's participation in the annuity fund is in addition to his claims upon the relief fund.

If the minister is disabled at any time after joining the annuity fund, he will receive a certain annuity throughout the period of disability. If he dies his widow will receive an annuity of 60 per cent of what would have gone to her husband as long as she lives; and should the widow die her annuity will be divided among minor children until they become self-supporting, marry or reach the age of 21.

The board has received an endowment of \$100,000 from the Baptist Sunday School Board at Nashville not included in the 75 Million Campaign, and this sum will be divided equally between the relief and annuity departments. This enables the board to begin work immediately and assistance is already being given to 285 aged ministers and ministers' widows.

CAMPAIGN WILL SUCCEED, SAY RED CROSS WORKERS

Enthusiasm of Women Workers Is Outstanding Feature of Drive.

ALL RESOURCES TO BE UTILIZED AT CLOSE

House-to-House Canvass Now Under Way in Most Communities—Encouraging Reports Are Being Reported.

Vim is being added to the Red Cross drive for memberships now being conducted, by the diligence of booth workers, teachers, women volunteer canvassers, Boy Scouts and many returned soldiers, sailors and marines, who have rallied to the aid of the campaign, reports show.

Campaign officials in charge of the drive at Southwestern Division headquarters at St. Louis announced that while a few communities have fallen below the mark set for them, in general, enrollment in the Red Cross has been heavier than had been expected. Thousands of persons in all parts of the Division—Missouri, Kansas, Texas, Arkansas and Oklahoma—applied for membership yesterday. The drive which opened Sunday, November 2, closes Armistice Day, November 11.

Chance of the Southwestern Division equaling or exceeding its quota of 2,000,000 members, set as the number the Division is expected to raise, is very bright, officials of the campaign declared. Edward Hidden, Division Roll Call Director, said that people were responding with a cheerfulness and a unanimity that made the success of the drive seem assured.

Women Hard Workers.

Reports indicate that from the outset women have been enthusiastic, indefatigable workers. That every woman and child in every community in the Division will be given an opportunity to enroll as a member up to and including November 11, is a late announcement from drive headquarters. House-to-house solicitation is now under way in most communities and encouraging results are being announced daily from each state headquarters.

"Our responsibility," Chairman Hidden said, "is to see that not one available person fails to get an invitation to join. We believe that obligation is being fulfilled and that every man, woman and child who is able to comprehend what the program of the Red Cross means, knows that they are not only welcome to the Red Cross fraternity, but that it is a privilege as well as a duty to link up with its membership. The Southwestern Division," he continued, "has always set the pace and the enthusiasm being shown indicates that we may lead the other divisions again. I know of no greater honor and privilege than to be a member of the American Red Cross."

Clergy Endorse Roll Call.

Clergymen all over the nation have endorsed the Third Roll Call in unanimous terms of approval. Their co-operation is regarded as vitally essential to the success of the drive. The church has the equipment in organization, in buildings already furnished, and in men and women already trained in tasks demanding service and sacrifice. The high standard set by the church itself and its splendid record of work already accomplished impels the Red Cross again to appeal to it to help make the Third Roll Call the finest thing the American people have ever done. The organization is, without doubt, the greatest, the most inclusive and the most efficient the world has ever known.

"Not all can volunteer for the actual distribution of relief, but all can have a part. All should be members of this glorious army of armies. The membership fee is only \$1. There is no one too rich or too poor, too old or too young, too proud or too humble, to become a 'Red Crosser' and wear the tiny emblem badge of such as love their fellow men."

The President Issues Summons.

"The President of the United States has asked every American to respond and to his call has been added those of every state governor and every other high official in the country. The necessity for the success of the Roll Call is not underestimated by these men, who know what the organization has accomplished and what it must yet do.

"The newspapers have performed immeasurable service in presenting the Red Cross message to the public and that service has been reinforced by faithful endeavors on the part of men, women and children workers. We are gratified very much over the work of these agencies and are very proud that our organization has had the good fortune of commanding such devotion and loyalty.

"For the final days of the campaign every available resource will be thrown into the 'firing line' in order to assure the drive's ultimate success."

BAPTIST WOMEN TO RAISE \$15,000,000

FIFTH OF SUM SOUGHT IN FIVE-YEAR PROGRAM WILL COME FROM THEM.

ARE DOING A LARGE WORK

Hospitals, Mountain Schools, Good Will Centers and Church Building Funds Maintained by Them in Addition to Regular Gifts.

MISS KATHLEEN MALLORY
Corresponding Secretary, W. M. U.,
Baltimore.

Evidencing the larger sphere which women have come to occupy in church life, as well as other activities, when the Baptist 75 Million Campaign was decided upon at the meeting of the Southern Baptist Convention in Atlanta last May, the women, through their regular organization, the Woman's Missionary Union, at once agreed to be responsible for one-fifth of the sum sought, or \$15,000,000. This means that the Baptist women of the South will raise for missions of all kinds, Christian education and benevolences, the sum of \$3,000,000 a year for the next five years, in addition to their contributions to local enterprises and special work.

Through the channels of the Woman's Missionary Union, with headquarters at Baltimore, Md., the Baptist women of the South have since their organization contributed more than \$5,000,000 in cash to various denominational purposes. With the addition of boxes of food and clothing sent to orphans and other benevolent institutions, the total of their contributions through this channel has reached \$5,710,433.71.

Miss Kathleen Mallory is the corresponding secretary of the Woman's Missionary Union, and in appreciation of the service she has rendered in that connection the Baptist women of Alabama have established the Kathleen Mallory Hospital for Women at Laihow-Fu, Shantung, China, Miss Mallory being a native of Alabama.

Women of many of the other states have also undertaken special enterprises of their own. Those of Georgia, for instance, established the Ayers Hospital for Women at Hwanghien, China, a girls' school at Tumamoto, Japan, the Catherine Bryan Kindergarten School at Canton, China, and the Mary P. Willingham School for Girls at Blue Ridge, Ga., a school designed especially for the education of girls in the mountainous section of that state.

Many of the other state unions have special projects such as Good Will Centers in the tenement, factory and mining districts, where effort is made to bring more sunshine and enlightenment and love into the home and lives of needy families, especially those of foreign birth; church building funds, scholarships for young women who want to obtain training for special Christian service, and similar undertakings.

The general W. M. U., representing all the women of the Southern Baptist Convention, owns and operates the Women's Training School at Louisville, Ky., which has already sent out 700 trained women for special service in all parts of the world; and has established the Margaret Fund for the education in the Baptist schools of the South the sons and daughters of missionaries on the foreign fields, and the Fannie E. S. Heck Memorial, a church building fund established in honor of one of the greatest leaders Southern Baptist women have known.

But money for the support of these institutions as well as that for the payment of the women's pledge of \$15,000,000 in the 75 Million Campaign, will be raised by the actual work of the women and through economy and sacrifice. Church fairs, bazaars, suppers, ice cream socials and the like, are frowned upon by the organized Baptist women of the South as unworthy means for raising funds for carrying forward the work of the kingdom of God and their contributions will not come from this source, it is announced.
